Practical Guide to correct separate collection

PLASTIC/METAL PACKAGING

Use the **Yellow** bin

PLASTIC:

Bottles for water, soft drinks oil, juices, etc.

Cartons for tea, **containers** for detergents, soaps

Tubes for cream, sauces, syrups

Rigid packages for desserts in plastic or polystyrene, transparent boxes, rigid/flexible packages for foodstuffs in general (cold cuts, cheeses, pasta)

Food trays (eggs, ice cream, etc.)

Containers for yoghurt, cream cheese, desserts

Netting for fruit and vegetables

Containers for the packaging of various products (cosmetics, wet wipes, powdered products)

Plastic bags for food in general (pasta, rice, crisps, sweets, snacks)

Bags for gardening products, for detergents and animal feed

Small packaging plastic

(bottles, toilet paper packaging, etc.)

Polystyrene (if large, reduce the size)

Blister packs and **plastic shaped casings**

Materials for the **protection** and **transportation** of goods (films, bubble wrap)

Metal

Food boxes and jars

Aluminium cans for soft drinks

Tops and screw-on caps

Aluminium trays for food

Aluminium tubes (mayonnaise, creams, etc.)

Aluminium foil (tin foil)

Spray/aerosol cans (only if there are no danger symbols displayed on the packaging: Flame, Skull and X)

NO Containers with hazard symbols:

Bring this waste to the Waste Collection Centre so that it can be disposed of with hazardous materials.

Some of the most common mistakes to avoid:

NO Electronics

Bring to the Waste Collection Centre

NO Tetra Pak

Dispose of it in the bin for paper

NO Bioplastics

Dispose of them in the bin for Organic Waste

NO Disposable gloves

Dispose of them in the bin for Dry Residue Waste

NO Large plastic items

Bring to the Waste Collection Centre

NO Pipes

Bring to the Waste Collection Centre

NO Pads

Dispose of them in the Dry Residue Waste bin or at the Dedicated Service

NO Pens and markers

Dispose of them in the bin for Dry Residue Waste

NO Giocattoli

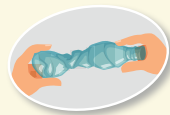

If small and without electronic parts, dispose of them in the Dry Residue bin. If large or with electronic parts, bring to the Waste Collection Centre

Remove food residues!

Do not wash waste containers! Just remember to empty them well before disposing of them.

Crush plastic bottles and screw the cap on to **reduce their volume**

CAUTION! Always check the **product label** if you have any doubt about correct recycling.

GLASS

Use the **Green** bin

Bottles, flasks, and glass jars

(steel and aluminium caps must be screwed onto the glass bottle/jar)

What if the item is very large?

Large objects, such as carboys, should be brought to the Waste Collection Centre.

Some of the most common mistakes to avoid:

NO Mirrors

Dispose of them in the Dry Residue Waste

NO Plate glass

Dispose of it in the Dry Residue Waste

NO Neon lights

Take them to the Municipal Recycling Centre

NO Ceramics and Pyrex

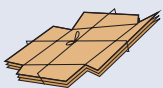

Dispose of it in the Dry Residue Waste

PAPER AND CARDBOARD

Use the **Blue** bin

- Newspapers and magazines
- Brochures and flyers
- Old exercise books
- Paper bags
- Pizza boxes
- Paper tablecloths
- Scratchcards
- Tetra Paks (iced tea, milk, fruit juice cartons)

Break up the boxes!

Crush and fold cardboard boxes to reduce their volume.

What about pizza boxes?

Any pizza residues should be disposed of in the Organic bin and the cardboard in the Paper bin. If the base of the container is very greasy or too dirty, then it can be disposed of (only this part) in the wet bin, reducing it into small pieces to minimise its volume and the remainder in the Paper bin.

Plastic bags are not paper!

If you collect paper in plastic bags, empty the contents into the White bin and dispose of the bag in the bin for plastic waste.

Some of the most common mistakes to avoid:

NO Receipts

Dispose of them in the Dry Residue Waste

NO Paper towels

Dispose of it in the Organic Waste bin

NO Packing tape

Dispose of it in the Dry Residue Waste

NO Wax paper

Dispose of them in the Dry Residue Waste

DRY RESIDUE WASTE

Use the **Grey** bin

Dry Residue Waste does not mean that you can mix waste avoiding separate collection!

You can only dispose of the **waste that cannot be sorted in this bin.**

Nappies, pull-up pants/ incontinence pads and **mattress protector**, **sanitary towels**
Plastic cutlery
Rubber and plastic toys
Plastic coffee capsules
CDs, DVDs
Objects in **ceramics**, **porcelain**, Pyrex glass and glass-ceramic
Dust from vacuum cleaners or house rubbish
Incandescent lamps

Pens, felt pens and stationery in general
Toothbrushes and sponges
Wax, laminated and **thermal paper** (receipts)
Baking paper, dirty paper and wet wipes
Cigarette butts (extinguished)
Straws
Disposable masks and gloves
Mirrors and crystal
Crystal glasses

Some of the most common mistakes to avoid:

NO Organic waste

Dispose of them in the Organic Waste bin

NO Paper and cardboard

Dispose of it in the Paper bin

NO Plastic

Dispose of it in the Plastic bin

NO Wood ash

Dispose of them in the Organic Waste bin (*completely cold*)

ORGANIC WASTE

Use the **Brown** bin

Fruit and vegetables waste
Meat and fish in small pieces

Dairy products

Egg shells

Grounds of tea and coffee or of other infusion drinks

Kitchen paper napkins

Paper handkerchiefs

Sawdust and **wood ash** (completely cold and bagged)

Kitchen absorbent paper (even wet or greasy)

Leaves and soil

Mussel and clam shells or **other shellfish**

Animal bones, fruit stones

Biodegradable Plastic and **Bioplastics**

Close the bag well!
Dispose of the waste only after placing it in biodegradable and/or compostable bags.

Some of the most common mistakes to avoid:

NO Cat litter

Pet litter should generally be made of silicone (or similar) and disposed of with the Dry Residue Waste unless otherwise specified on the packaging (some litters are biodegradable and/or compostable)

NO Nappies

Dispose of them in the bin for Dry Residue Waste

NO Plastic bags

Dispose of organic waste inside biodegradable bags not in plastic bags

The Municipal Waste Collection Centre (Eco Station) is a natural complement to sorted waste collection service, providing citizens with a way to dispose of all those materials that cannot be deposited in home or street bins due to their size or type, in addition to the normal sorted waste.

The Municipality of Sorso accommodates a Municipal Waste Collection Centre in order to improve the entire organisation of municipal waste collection. The Centre is available to households, who can bring a wide range of waste to be recycled or selectively disposed of free of charge.

Only HOUSEHOLDS have access to the Municipal Waste Collection Centre.

WHERE IS IT LOCATED?

The Municipal Waste Collection Centre is located in the **Serra Niedda Industrial Zone**.

OPENING HOURS:

The opening hours of the Sorso Municipal Waste Collection Centre are as follows:

Monday	7:30am - 12:00pm
Tuesday	7:30am - 12:00pm and 3:00pm - 5:00pm
Wednesday	7:30am - 12:00pm
Thursday	7:30am - 12:00pm and 3:00pm - 5:00pm
Friday	7:30am - 12:00pm
Saturday	7:30am - 12:00pm and 3:00pm - 5:00pm
Sunday	closed

WHAT CAN YOU BRING?

Bulky items (furniture, mattresses, bed bases, household appliances), computers and monitors, mobile phones, clippings and prunings, wood, edible oils, spent batteries, sheets of glass and mirrors, demijohns and large jerry cans, expired medicines, lamps, cans, "T" and/or "F" containers, paper, cardboard, Tetra Pak containers, organic wet waste, plastic packaging and containers, cans and tins, glass, non-recyclable dry waste, used clothing.
